

Architectural Digital Design Drafting Specialist

Are you an experienced BIM modeler looking to contribute your skills to a talented team of Architects and Interior Designers? Do you have expertise in REVIT? If so, we'd love to hear from you!

At **DRAW Collective Architecture**, we design places that matter, together. We're creators of spaces that inspire and transform. Our commitment to excellence and designing with empathy drives everything we do. As we continue to grow, we're seeing a dedicated **architectural drafting professional** to serve as a **Digital Design (Drafting) Specialist** to join the team to promote and shape the future of architecture in the Pittsburgh region.

Position Summary:

This position functions as a trained technical draftsman with a passion for assisting the Project Architect in creating a well-organized and detailed set of drawings for construction. Prior experience as an Architect or Architect-in-Training may be applicable.

Proficient in REVIT, focusing on a projects constructability and creating the design documents for the project.

Works under the direction of the Project Managers, Architects, and Interior Designers in the development of the BIM model and drawing documentation.

Performs routine architectural modeling, drawing, & detailing assignments including mockups of construction documents.

Responsible for certain technical assignments including investigation and research, and editing red-line documents.

Develops technical designs or details under the direct supervision of an Architect (ex. Assist in technical wall section development).

Role Requirements:

Technical Degree in architectural studies, engineering, or construction disciplines; with up to 5+ years of related work experience

Experience using Revit, focus on a projects constructability and creating the design documents for the project

Microsoft Office proficient – Word, Excel, Powerpoint, plus Sketch-Up and InDesign experience

Polished communication skills to build relationships with staff, consultants, vendors, management, etc. with the ability to effectively express questions, concerns, & comments

Ability to work well independently and in teams; offering expertise with positive attitude

Be comfortable with minimal supervision to maintain focus and achieve tasks; takes initiative to complete tasks, meet deadlines and embrace continuous learning.

Designing places that matter, together.

Diligent organizational skills to include 'to-do-lists' of tasks/assignments, prioritizing, and displaying effective time management

Physical Demands:

This position will perform work in offices or remotely and may require travel as needed for company responsibilities.

The work environment will require: an ability to lift and carry 30 pounds, and the ability to work in an office or virtually as needed for assignments, sitting for long periods of time doing detailed computer work.
